

SMART WASTE MANAGEMENT FOR SMARTER CLUSTER SCHOOLS

ERASMUS +2020-1-RO01-KA229-079971

Cluster Schools

ROMULI SECONDARY SCHOOL

Funded by
the European Union

ROMULI SECONDARY SCHOOL

**We have got 2 cluster schools in our
Erasmus project development**

***Telciu Technological Highschool
Cosbuc Secondary School***

Telciu Technological Highschool

- the school was established in 1 st June 1771
- located around the local church
- a lot of positive changes after 1970:
 - in 1975/1976 the professional schools were founded (joinery, carpentry, mechanics etc.)
 - from 2000/2001 the highschool classes were established

Cosbuc Secondary School

- the school was first established around 1860, and the building was the host for the town hall

- the school itself was built in 1950 and it had 3 classrooms

- today's school, with 2 levels, was founded in 1964, it had 8 classrooms, and in 1977, 6 more classrooms were added

- the building has 2 bodies: A and B (ground floor + first floor).

- there are: -14 classrooms where 10 classes are learning

- infant class: 2 classes

- primary classes: 4 classes

- secondary classes: 4 classes

Activities with our cluster schools

**Identifying
types of
waste
using
different
criteria**

Romuli Secondary School, together with Telciu Technological Highschool and Cosbuc Secondary School

Cosbuc and Romuli Secondary School working on the the bins for disabled people

Students' mothers of all 3 schools working together on the Erasmus corner

We are ERASMUS

REDUCE REUSE RECYCLE

What did we accomplish?

- we became partners
- we involved ourselves in developing and disseminating information regarding our project
- we spread the message of the Smart Waste Management Erasmus project
- we shared ideas and examples of good practice
- we worked together, became stronger and more visible.
