the European Union

Our Activities

Our students , within the framework of the European program, were inspired, collaborated and with a background of their love for nature and the environment, made autumn wreaths and old blouses transformed into environmentally friendly fabric bags, ideal for all uses!!!!

Our Rewards

Our students awarded for their most important contribution to the program "Recycle I Participate I Win" organized by the Attica Region. They warmly and responsibly adopted recycling and included it in their daily habits.

PHOTOS

The Green city

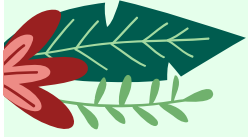

For a year now, Tuesdays in our High School have something special. These are the days when the school children, after collecting materials for recycling, give them to the truck of The Green City program, having managed to collect a ton of recyclable materials within a year!

PHOTOS

Educational program

Our school has completed the program A CITY, AN ECOSYSTEM. This educational program takes the form of a fast-paced design workshop which invites students to try a multidimensional way of thinking and problem solving and to develop their own innovative ideas with sustainability in urban ecosystems.
